General Comments

Licensing Staff arrived at the Facility to perform a Monitoring Inspection. Upon arrival the Educator was getting ready to meet the children at the bus stop out front. Once the children had all arrived, they walked to the classroom and washed their hands for lunch. An Educator sat with the group engaging in conversations and ate with them. As the children finished eating, they grabbed a book until the whole group was done lunch. One Educator was observed cleaning tables, sweeping and setting up activities while the other Educator stayed near the children reading.

Once the tables were cleaned, there were a variety of activities for the children to pick from. Some were observed playing a beanbag toss, Lego, board games, magnetic blocks and coloring. One Educator played games with the children while the other walked around the classroom, checking in with all the groups. Staff and child profiles were reviewed during today's visit. All files were easily accessed, tidy and contained all required documents. Potential illness forms and Incident logs are being tracked and stored properly.

As a reminder, please update your Parent Board to include your current Quality Assurance Monitor. A conversation was also had with the Operator about ensuring that all outlets in the classroom being covered.
