General Comments

Licensing Staff arrived at the facility to perform a Monitoring Inspection. Upon arrival, the children were in the process of washing hands to prepare for lunch time. The educators were observed heating lunches for several children. As the children finished eating, they applied sunscreen and then found a book for read as they waited for their peers. Personal belongings were packed and bookbags were brought outside.

Once all children had eaten lunch and applied sunscreen, they lined up to go outside. Hats and water bottles were taken out. The children were observed catching spiders, playing with skipping ropes and playing with a soccer ball. The Educator was heard reminding children to take water breaks throughout the afternoon.

The classroom was bright, welcoming and tidy. Some positive changes have been made in the indoor classroom. Shelves and desks have been moved, which makes the room feel more spacious. First aid checklists and fire drills were posted and up to date. Attendance records were completed. Only positive child guidance was observed during today's Monitoring Inspection. The Educators were attentive to the needs of the children and were observed laughing and engaged in activities.
