39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Sep 06, 2021	
Comments: During inspection the inspector found paint cans in a closet in the daycare. Paint can are considered toxic products. Inspector reminds operator that Toxic products, chemical products and cleaning supplies must be locked and inaccessible to children.			

General Comments
<p>During renewal inspection children were observed playing free play and having snack. Lots of toys are made available allowing the child to play based on their interest.</p> <p>Inspector discussed the expiration dates on some of the supplies in the first aid kits.</p> <p>Purposely planned activities and documentation were observed in the facility from previous months. Operator informed inspector that she has some recent one but they haven't been posted yet. Purposely planned activities and documentation will be verified during the next Monitoring inspection.</p>
