Comments: Deficiency is now compliant			

<p><b>General Comments</b></p> <p>Monitoring Inspection--COVID 19 Recovery Phase</p> <p>One educator with the children this afternoon during monitoring inspection. Educator was observed having great interactions with the children and speaking appropriately and positively to them. She encouraged the children to wash their hands when they got up from the table during snack to play with toys before they went back to eat and the children obliged. The room is very busy with the mixed age group and there are age-appropriate toys and materials for all children to interact and engage with.</p> <p>The educator had indicated that children had gone on a walk this morning and explored a nearby field. Children were observed getting ready for outside play at the end of the inspection.</p> <p>The children appeared happy and content in their environment and there were respectful interactions observed between educator and children.</p>
