### General Comments

Children were cleaning up for lunch when I arrived. The children bring their own lunches and four of them sat at the table and the younger child in a high chair. The children watched singing videos waiting for their lunches to be ready and immediately after. It was evident the children enjoy music and dancing, Felicia was very positive

General Comments

with the children. She gives lots of reminders of transitions and supports dialogue between the children for resolving disagreements.  
Felicia and I discussed lunch time preparation and different rest areas and some solutions for ensuring children are supervised. One child is currently sleeping upstairs with a monitor and regular checks.
