General Comments
<p>The children were finishing a painting craft upon arrival. Children are very busy and played together and on the individual basis quite well.</p> <p>The Operator allows the children to explore their interests and engages with them continuously. Challenging behaviours were redirected and the operator responds to the children kindly and gently.</p> <p>I was able to verify all requirements for licensing as the Operator is organized and provided all documentation required by regulation.</p> <p>I can recommend facility for licensing.</p>
