<p>General Comments</p> <p>Licensing staff arrived as children were having a snack at the table. Children washed their face and hands after their snack and wanted to build with the foam couch pieces. The operator provided assistance as the children built one large fort and then several smaller forts. The children thoroughly enjoyed this activity. The bathroom and diaper changing area was clean and well maintained with diaper changing procedures posted. All children were signed into the attendance record and two first aid kits were accessible. The operator was observed utilizing positive behaviour strategies throughout the inspection. Taking the time to explain to children how they could problem solve when children were presented with a problem.</p>
