General Comments

Licensing staff arrived at the licensed facility to conduct a follow-up inspection visit on January 31st, 2022.

All compliance orders were corrected on the day of the follow-up visit.

While reviewing staff files on the day of the follow-up visit, licensing staff noted that a couple of staff need to sign off that they have read and understood their job description. Once the staff members sign off that they have read and understood their job description the operator will send along these documents to licensing staff.

Licensing staff recommends the licensed facility be renewed for licensing.
