General Comments

A Monitoring Inspection was completed this afternoon. Children were observed during free play, snack, and gym time. Upon QA Monitor's arrival, the younger children were finishing up a painting activity. The older children joined shortly afterwards. Children were observed washing their hands before snack. Children were served water, apples, and granola bars. After snack, children were observed playing UNO, playing with a ball, and sitting and chatting. Children were also observed in the gym, warming up, and getting ready for a game. Several forms of documentation were observed throughout the classroom, as were several different types of plants. Children are in the process of growing lettuce, basil, strawberries, etc. with the plan of having enough produce to make a salad!
