General Comments

Licensing staff arrived at the licensed facility to conduct the license renewal inspection on February 23rd, 2023.

The children were finishing up afternoon snack when licensing staff arrived at the licensed facility. After the children finished up with their snack, they engaged in free play activities until their special guest arrived to do a presentation with the class. A community member arrived at the licensed facility to talk to the children about Poleman. The children were very engaged and interactive during the presentation.

Licensing staff observed the educators engaged with the children at their level and were observed using positive child guidance techniques throughout the inspection.

Please ensure that all staff files are kept up to date and have all required documentation.

Licensing staff is recommending the license to be renewed.
