Address 13 Morning Gate Drive Fredericton NB E3B 0G5			
Name of Early Learning and Childcare Licensing Staff Tanya Gaudet		Position Title Inspector	
Order for Compliance	Regulation	Date to be corrected	Date corrected

### General Comments

Licensing staff arrived at the ELC home to conduct the license renewal inspection on March 29th, 2022. When licensing staff arrived at the licensed facility, the children had just finished up their snack and were playing with a game that the operator created. The operator, ZuZu, created a game for the children using a recycled mixed nut can, popsicle sticks and a recycled yogurt container. The children would take the popsicle sticks and feed it through the popsicle sticks the slit, that the operator made, in the mixed nut container cover. This is a fantastic activity to help develop the children's fine motor skills.

The children moved from one activity to another. After playing with little cars, one of the children wanted to read a new book that was gifted to the home, called "The Little Blue Truck." The children followed along while the operator read the book. The children were heard repeating words and observed hugging the bird and bunny characters in the book.

While the children were playing with the cars, the operator encouraged the children to share by modeling sharing. Only positive child guidance techniques were observed during the inspection visit.

The home was very clean and the operator new when the children were ready to move on to another activity. The operator was engaged with the children the entire licensing inspection visit. Licensing staff observed the educator reading, singing along with the children, as well as, modeling appropriate behaviour while the children were sharing play materials.

All files were very organized and complete.

Inspector recommends the ELC Home for licensing.
