**General Comments**

Operator screened licensing staff for Covid-19 upon arrival. All necessary documents are posted for Covid-19 screening.

Licensing staff observed the operator engage with the children at the child's level during free play activities along with purposely planned activities such as: painting and cutting paper with child appropriate scissors. The children are very good at navigating child appropriate scissors! The children were also observed sharing and problem solving that was also encouraged by the operator.

The operator is kind, compassionate and very nurturing when comforting a crying child.

The operator and licensing staff discussed putting up hooks for the children's belongings that are stored in the heated garage.

Thank you for the lovely visit!
