<p><b>General Comments</b></p> <p>On the morning of my visit the children were outside playing in the backyard. One child was playing in the sandbox while the others were playing with bubbles.</p> <p>The educator decided to take the children for a walk along the trail before the rain. The educator took the proper materials, first aid kit and attendance tracking sheet. Along the trail the children picked some wild flowers and seen a boat in the river. We arrived at an open field and the children had a racing game, enjoyed playing under the huge tree that was in the field. When we were almost back at the center we stopped at another small field where the children could enjoy some rough and tumble play. There was a tree the children could climb on the low tree branch. The Educator took the time to take some photos for documentation and send to the parents for the days activities.</p> <p>During my visit I heard plenty of positive child guidance both as encouragement and to help settle small disagreements between the children.</p>
