General Comments

The children were getting ready to go for a walk on the trail when I arrived.
The operator was attentive to the children as they crossed the street . She made sure to stop at the end of the driveway to watch for traffic. She asked each child if they seen any cars coming.
While on the trial the children looked for sticks, pinecones, acorns, and leaves.
At one spot on the trail the children stopped to throw rocks in the water.
Frequent water breaks where taken in the shaded areas.
Once the children returned to the Home, they prepared for lunch. The children did not seem hungry at the time so they had a bit of free play time and then went to the table to eat.
The operator is patient and speaks to the children at their level.
The children seem familiar with the daily routine of the facility.
