<p><b>General Comments</b></p> <p>Operator has developed a kind and trusting relationship with the children in her care. Positive guidance is used and operator interacts with children to promote learning. There is evidence of pre-planned programming and the children's learning throughout the centre. Outdoor area is spacious and has a variety of the natural components as outlined in the New Brunswick Curriculum. Operator's filing system is well organized and kept confidential at all times.</p> <p>Operator and I discussed public pools and reduced ratios. Operator was not aware of reduced ratios. Ratios are as follows: Infants 1:1, Preschoolers 1:4, and school age is 1:8. You can only access public pools that have lifeguards on duty.</p>
