General Comments

Arrived at snack time. Some children had finished snack and were having some free play time while the rest of the children finished eating.

After snack the children got ready for a trip to the park. The operator brought plenty of materials for the children to use, such as tree cookies, pot and pans, shovels, and hammocks to name a few. The town of Oromocto has given the operator permission to use some of the forest area in the park. They have started to build a fort and have blocks of wood to sit on and build with. The area is marked off with bright colored tape so the children know where the boundaries are.

Positive child guidance was observed during the visit.
