Comments: Children's hands were not washed when they returned from field trip.			

<p>General Comments</p> <p>Children and educators went on field trip to fire station first thing this morning. Educators observed speaking to the children in a kind way as they got ready for their outing.</p> <p>The learning environment is clean and well maintained. Toys and materials are neatly displayed on low open shelving. Educators include music and gardening each day. Would like to see books propped up around the room to encourage children to explore literacy on their own and bring books to their educators to read to them.</p> <p>Recommend adding a hooks for costumes and storage for puppets that is more inviting to the children.</p>
