### General Comments

When I arrived, the staff was setting up. He reported that they set up on Monday's and tear down on Friday's for the weekend.

Although this is a semi-permanent site, the staff do a great job setting up the space for the children. They have a sofa, lots of table and chairs, a foldable bench for the children to sit on while putting their shoes on and the play space is divided in different play sections. There is lots of materials and toys to meet the children educational needs and interest, including a reading area with many books and puzzles, lots of arts and crafts material, legos, a play kitchen and there is also an open space where the children can play sports like activities.

I observed lots of encouraging words and conversations between the children and the educators. Staff and children files are organized and well maintained.

Everything was in compliance during my inspection today, I recommend for renewal.
