General Comments Upon licensing staff's arrival for the renewal inspection, children were engaged in a variety of play experiences. Some children were observed playing in the open gym area with basketballs and bouncy balls, while others were participating in activities in the play kitchen, creating crafts prepared by the educators, or playing with fidget toys brought from home. Educators were observed actively engaging with the children throughout the afternoon by playing basketball, doing crafts and helping the children, and consistently providing positive child guidance. Due to heavy rainfall, children remained indoors for the afternoon until parent pick-up. Staff and child files were reviewed and found to be up to date and in compliance. Monthly fire drills are being completed as required. The program operates in the gymnasium of a community church. A reminder was provided to ensure that the kitchen door located in front of the bathroom remains closed and locked at all times while children are present in the facility. Licensing staff recommends the program for renewal.
