<p>General Comments</p> <p>Renewal Inspection:</p> <p>A wide variety of materials are evident for the school-age children to engage and interact with. The block centre has an abundance of loose parts: pipes, blocks, wooden disks, animals, people, etc. for the children to explore and create with. A large home-made "litebrite" has been created and hung on the wall and children use golf tees to create masterpieces as they wish. Children observed creating "Pita Pit" in the dramatic play, finger knitting, engaging with slime and creating masterpieces.</p> <p>After school educator observed speaking positively to the children, encouraging the children to work cooperatively as well as speak respectfully to each other. Educator has created an environment for the children to learn and explore and is ready to "change plans" if the children's interests go another way.</p>
