### General Comments

Both groups of children were participating in free play when Quality Assurance Monitor arrived for today's monitoring inspection.

Observed both groups participating in Valentine's Day activities at time of inspection, reflecting the upcoming holiday.

Educators were observed getting down to the children's level and helping them reflect on their feelings. It was evident that children are aware of the structure of the day as they transitioned from one activity to another with ease.

Children were encouraged to get ready independently to go outside to play and were provided with time and space to do so. Educators were observed assisting children when required.
