### General Comments

Upon my arrival the children were having a snack. After snack one group did circle time where they sang, and practiced numbers and letters then went outside. Children were encouraged to get ready independently to go outside to play and were provided with time and space to do so. Educators were observed assisting children when required.

Part of the group played in the fenced play area and the other group played in the wooded area. The children came back inside, had lunch and played.

Staff were engaged with the children indoors and outdoors, they were observed speaking to the children at their level and using positive child guidance such as positive reinforcement, encouragements and gentle reminders when needed.

The Centre is clean and well organized. There are a lot of different materials available to the children to meet their interests and educational needs.

The children's art and learning activities are on the walls and so are some learning stories documenting recent activities.

The school age children arrived at 3 p.m., they went inside, got their water bottles and went to play at the park.

Everything is in compliance, I recommend for renewal.
