General Comments
<p>Preschool program is currently not operating at this location.</p> <p>Educators walk over across the street to pick up children after school. Once all children are accounted for, everyone returns to the facility to use that washroom and wash their hands. Once everyone was washed up, they all went to play outside in the school playground where they had the choice to have snack or to go and play.</p> <p>The play ground offers a variety of different play material and surfaces to enhance the children's play. Children were observed playing on the swings, climbing on the play structure, playing "Ga-Ga Ball", and relaxing in the shade.</p> <p>Educators were observed actively supervising and interacting with children during today's visit.</p>
