General Comments
<p>Preschool program is currently not operating at this location.</p> <p>Educator walks over to the school to pick up the children when school is over. After ensuring all children were accounted for, they all walked back to the center together and went directly outside. Children were offered the opportunity to have snack at the picnic table if they wanted. Observed the educator ensure she sanitized the table and that the children sanitized their hands before eating snack.</p> <p>Educator was observed engaging and playing with the children at time of visit. Educator ensured she positioned herself when she was playing with the children to ensure she could properly supervise the others at the same time.</p> <p>Educator had a craft invitation (handprint monster craft) set up at a table for the children to do once they came in from playing outside. Children were provided with the opportunity to either do the craft or play freely around the room.</p>
