General Comments
<p>Monitoring Inspection-COVID-19 Recovery Phase.</p> <p>School age children were engaged in activities during today's inspection. The children each have a personal bin of art supplies within the room which is replenished as needed. Another interest observed is making threaded bracelets, which were taped to the wall with their name attached to work on as they wish. Children are also currently interested in making loom bracelets as well.</p> <p>Discussed group log with supervisor. Group log from today was completed correctly. Recommending going over date group established with all staff to ensure consistency.</p>
