General Comments
<p>Monitoring Inspection - School Age-Room:</p> <p>Children engaged in a variety activities this afternoon including board games, art, water play and reading. The environment is set up with materials and toys that are neatly displayed on the shelving. This allows the children to explore and engage in play.</p> <p>It was observed this afternoon that the children and educator have built a respectful relationship. Children were greeted in a welcoming way. The children appear to be confident and comfortable in their environment. This is a reflection of the consistency of the staff in this learning environment.</p> <p>Recommend printing a copy of Appendix 24 - Equipment and Materials for School - Age Children of the Operator Manual for educator to reference for ideas of materials to add to the environment.</p> <p>Next steps: Adding more variety to the art area. Adding items from nature throughout the room.</p>
