General Comments

Children and educators observed during indoor play, outdoor play, transition times, meals and during nap routines. Educators observed engaging in conversations with children at their level. Discussed menu with supervisor, as there seems to be a lot of changes each week. Changes were documented each time.

What changes can be made to the menu to limit the changes required each week?

Contact information for site supervisor to be updated on Parent Board.

Staff file review - all required documents in place.
