General Comments

Monitoring Inspection - After School Program Only:

Children and educators observed engaged in a variety of activities this afternoon including dramatic play, Lego, stories, and art. A small group of children were painting rocks in the art area. Another small group were playing doctor/hospital with their educator. They pretended to check each other's temperature.

Purposeful planning is evident on the planning sheet and through invitations and materials added to the environment that support the children's current interests (ocean and camping). A campsite is set-up with a pretend campfire, pond, fishing rods and tent to encourage children to engage in dramatic play. Recommending adding photos of the children, documentation and art pieces to the environment. This could be displayed on a tri-fold board or in a binder.

Nacho chips and salsa were served for afternoon snack.
Handwashing routines were observed at arrival and before snack.
Monthly fire drills are documented.
Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
New staff file (2) review was completed; all required documents are in place.
