General Comments

Monitoring Inspection:

Children and educators observed engaged in a variety of activities this morning including dramatic play, art, outdoor play, and stories. The infants were observed exploring their indoor play area freely and during lunch time. The Twos were observed exploring invitations set-up throughout their environment after outdoor play.

Planning sheets are current and up to date, however there is limited current documentation displayed throughout each environment for children to revisit previous experiences, reflect on their learning, and support their current interests. A variety of documentation is to be added to each learning environment. Examples of documentation to be added by photos, children's art, collections, ongoing projects, interest webs, children's questions and conversations.

QA Monitor left recommendations with staff in the Twos Room regarding painting opportunities. An easel is accessible however there is not a shelf to house the painting materials for the children. A shelf is to be added.

The after-school program was not observed today as it was closed due to a special event at the facility. Children were permitted to attend another YMCA facility for the full day program.

QA Monitor noted that the facility is currently in outbreak. The outbreak was not reported to QA Monitor at time of inspection. Reportable incident was submitted - Nov 24/26.

Homemade pizza was served for lunch.
Monthly fire drills are documented.
Daily attendance records are accurate and reflect all children present. Child-to-staff ratio was observed to be met during Monitoring Inspection.
New staff file (5) review was completed; all required documents are in place.
Incident logs are complete and signed by parent/guardians.
Facility is currently meeting the 50% trained Early Childhood Educators (3/6) requirement.
