### General Comments

Licensing Staff arrived at Laura's Learning Garden to perform a Monitoring Inspection. Upon arrival the Operator and children were sitting together in the play kitchen area. The children were playing with colorful wooden craft sticks, fabric vegetables and cupcakes. The Operator built on their interest in food, asking the children what their favorite supper was.

The classroom is inviting and welcoming. The walls displayed family pictures, learning stories and current artwork. Throughout the morning the children enjoyed playing with dolls, watercolor painting and building with blocks. The children used the washroom, diapers were changed, and hands were washed before going upstairs to the kitchen area for morning snack. The children had pancakes which matched what was posted on the menu. Once a few children had finished eating morning snack they sat together and enjoyed a read along CD story while they waited for the others to finish eating. The Operator cleaned the table before setting up a spring watercolor painting craft. The children were excited to pick the colors they wanted to paint with.

Once all children had finished morning snack and paintings, the Operator put on music for the children to dance along with. While they danced, the Operator set out their splash pants, jackets and boots to prepare for outdoor play. The Operator was observed assisting children with their zippers and offering words of encouragement. It is evident the children are familiar with the daily routine, as transitions were smooth. The Operator was observed hugging, playing peek-a-boo and speaking kindly to the children during today's visit.
