General Comments
<p>Visit to the facility for the annual inspection. Ratio respected during the visit.</p> <p>Observations: Children were partaking in free play when I arrived. They washed their hands and had a snack. Following this they had a discussion and activity about horses, the children are presently interested in animals. They then went outside. The facility is presently awaiting this years fire and health inspection. The facility meets requirements under the Act and regulations, recommending license for another year once fire and health inspections are received.</p>
