General Comments

The Quality Assurance Monitor is on site in the afternoon to conduct a monitoring inspection. The child-to-staff ratio was respected during the visit.

The following elements were verified:

- Daily Activities
- Daily routine
- Indoor play area and material
- Rest area
- Washroom
- Storage Space
- Personal belongings
- Diaper changing

The Quality Assurance Monitor observed the children eating their afternoon snack (lunch boxes). The children then transitioned to play in the indoor play area with a construction sensory play bin, with dinosaurs and looking at Scholastique book flyer. The children were also observed transitioning to the outdoor play area. Positive interactions were observed between the operator and the children.
