General Comments

A renewal inspection occurred today. The children were observed during inside play, story/circle time, outside play.

The children's art is displayed in each of the learning environments and the children have also have Butterflies that are growing in each room, and they are learning about the live cycle of them.

The story time that was observed was interactive and the Educators were able to pick up on cues from the children when they were not engaged any more in that activity. Transitions were observed occurring naturally and smoothly between activities.

Mulch is being added to the play area on Saturday, May 25 as part of centres community day.

General Comments

Educators were observed speaking kindly and appropriately to the children. Redirecting and reminding children to respect each other's space.
