| Order for Compliance | Regulation | Date to be corrected | Date corrected |

General Comments

Licensing staff arrived as children were engaged in outdoor play. The children are working on building a snow fort with shovels and were using branches to decorate it on the outside. They were also sliding on the side of the yard where there is a small hill.

Children had discovered a caterpillar while outside on this date, the operator took pictures of the children with it for documentation and also provided a container. The children then gathered grass, branches and other items to create a habitat for the caterpillar.

Supervision was maintained at all times while children were outside and positive behaviour strategies were utilized.
