33(2) Stationary equipment in the outdoor play area shall be surrounded by a protective surfacing and installed according to the manufacturer's instructions.	33(2)	Aug 17, 2020	
Comments: Based on the manufacturers instructions the Geo Dome that is present in the outdoor play space requires 30 cm of mulch around it. It also needs a 6 feet encroachment zone. Operator stated that they would do this.			

<p>General Comments</p> <p>Children were engaged in a project with educators at the time of visit. They were being guided positively as they took turns, socialized, and problem solved. Educators are documenting through learning stories, pictures and book creating.</p> <p>Educators are kind and very respectful towards the children. They are very calm when approaching any situation that may arise.</p> <p>Covid-19 guidelines observations are as followed: Hand washing is being done and children are being reminded to wash their hands throughout the day. Screening is being completed for both children and adults that are entering the facility, signage is apparent in all common areas, records have been obtained of household members by the operator, group logs are evident and same groups are being maintained. Operator was able to provide a copy of Covid-19 operational plan upon request.</p> <p>Operator stated that they have not had any illness in the facility. The potential illness forms and Return after exclusion forms are yet to be used. Operator understands this requirement.</p> <p>Discussed incident report forms with operator. Educators are documenting non-reportable incidents. Advised operator that they can use their own log sheet for non- reportable incidents but for reportable incidents the government forms must be used.</p>
