General Comments

On the day of my visit the children were beginning to have their snack time. After snack time the children washed their hands and got prepared to go outside.

The children were involved in numerous activities while outside from playing soccer, digging for dinosaur bones and insects to building houses with the natural items available to them such as bark, wood, grass, dirt and rocks.

This was the last week of summer camps. Each week of camp had a theme. Animals around the world, movin n' grooving, Little Picassos, Into the woods, Young einsteins and wacky water week..

There was a little bit of art work on the wall that the children had completed.
