| <p>A Monitoring Inspection was conducted this morning. Upon arrival, the educators were preparing the infants for their morning snack, the 2/3's were playing outside, in their fenced in play area, and the 4/5's were having a picnic snack, on their classroom rug. All children were eventually observed outside. Several outside materials were observed – Little Tykes Cars, slides, playhouses, building blocks, balls, etc.</p> <p>Several forms of documentation were observed throughout the facility – learning stories, photos, and children's artwork. Positive child guidance techniques were observed – educators on the children's level, educators using positive language, and educators offering choices. Parent board was observed and all required documents were present. Quality Assurance Monitor's updated contact information to be added.</p> |
