Part-time Early Learning and Child Care Centre	29	SCHOOL-AGE
ELCC Licensing Staff	**Position Title**	
Aimee Hanson	Inspector	

Order for Compliance	Regulation	Date to be corrected	Date corrected

General Comments

A renewal inspection was conducted on October 15, 2026, for the After-School Program (ASP) rooms. Children were observed engaged in activities throughout the library, tech room, and outdoor play spaces. Educators had thoughtfully prepared a variety of inviting learning experiences for the children to explore. These included a dramatic play doctor's office complete with gauze, stethoscopes, and photos of medical tools and X-rays; a camping area where children used blankets to build forts under desks; and an art station stocked with paper, markers, colored pencils, glue, and other materials. A variety of books were also readily available throughout the environments.

Children in the tech room group are currently awaiting the completion of the gymnasium renovation, which will become their permanent program space. The children expressed excitement about the move and were observed asking educators if the gymnasium was ready yet.

Handwashing procedures were observed upon the children's arrival from school. Incident reports were reviewed and confirmed to be signed by parents/guardians. All staff files were reviewed and found to be complete, and ten children's files were observed and complete.

Children were encouraged to access snacks whenever they wished. During the visit, three children independently retrieved snacks from their school bags and ate at the designated snack table. Attendance records were observed to be accurate and up to date. Educators were diligent in conducting attendance checks multiple times throughout the visit, particularly before and after transitions.

All exits were clear and free from obstruction. Educators demonstrated flexibility and creativity in making effective use of the available space despite the challenges associated with relocating rooms on short notice. Staff expressed enthusiasm about the anticipated move to a more permanent space.
