General Comments
A Monitoring Inspection was completed this morning. Children were observed during both indoor and outdoor play. While outdoors, children were observed playing on the play equipment, climbing the monkey bars, and playing soccer. Children had their water bottles on an outside table, and educators stated that sunscreen was put on, prior to outside play. Positive child guidance techniques were observed both indoors and out. While inside, children were observed making forts, completing a Hawaiian themed craft, playing mini sticks, and Lego. A conversation was had with both Administrator and Educators regarding documentation. Several forms of documentation were observed; however, many forms were from the Winter. A discussion was had about adding more summer themed documentation to the classroom.
