General Comments
<p>A renewal inspection occurred today.</p> <p>Children were observed in the outside environment playing in the snow. The children made snow angels, had a snowball fight, swung on swings, and put snow on the slides to slide down faster.</p> <p>Children were welcomed back to their classroom to invitations of play in all areas of the room. Children were observed drawing, creating figurines using pipe cleaners and popsicle sticks, and playing hockey.</p> <p>Children were observed having an open snack of trail mix and fruit salad. The children were able to eat when they wanted, which allowed children to be able to continue playing until they felt hungry, rather than being asked to eat at a specific time.</p>

General Comments

Documentation and pictures of the children were displayed around the room, allowing children to revisit their previous play experiences.

The following records were reviewed: Playground checks, fire drills, and daily attendance sheets.

All staff files were viewed, and a random review of child files was completed.
