Comments: During the renewal inspection, the Quality Assurance Monitor observed in one classroom 2 lunch boxes that are not labelled with the name of the child in one classroom. Food brought from home must be labelled with the child's name. The staff member immediately labelled the 2 lunch boxes with the child's name. Deficiency is now compliant			

General Comments The Quality Assurance Monitor is on site for the renewal inspection. During the renewal inspection, the Quality Assurance Monitor is present during outdoor play, lunch, nap and snack time. The Quality Assurance Monitor observed a staff member signing a nursery song during a transition period. During the renewal inspection, the Quality Assurance Monitor observed several expired medications stored in the locked medication box. The Quality Assurance Monitor had a discussion with a staff member that all expired medication should be returned to the parents, and that new medication should be requested if needed. The staff member share that the expired medications are not administered to the children and are only kept in the locked box to be inaccessible to the children until they're returned to the parent. The ratio is respected during the visit.
