General Comments
<p>As this was my first visit the center I was given a tour of the facility and the spacious outdoor area. There are numerous trails and areas set up in the forest for advance learning of nature. The centre has an abundance of materials and activities in the outdoor space. There is a camp and other shelters that the children and educators can use for different types of weather.</p> <p>Even though it was raining the children were outside partaking in numerous activities from building a fort, searching for caterpillars and slugs to playing on the swings and jumping in mud puddles.</p> <p>The operator and educators were friendly and welcoming during my visit.</p>
