General Comments
<p>The facility has many large windows which allows for natural light to shine through. Lamps are used in the classrooms to give a softer light.</p> <p>Soft music can be heard throughout the facility.</p> <p>The natural and wooden materials in the rooms gives the facility a home-like feeling.</p> <p>The educators have sensory bins and matching books set up in the rooms.</p> <p>Books are on display in various areas in the rooms, and there are plenty of seating areas for quiet moments or reading.</p> <p>Due to the fact that facility uses the forest as the playground the children are taught where the boundaries are. During the inspection the children took me on a tour of the area they were playing in, showing me the areas they could, and could not go.</p> <p>On the day of the visit the children were enjoying sliding on the snow and ice.</p> <p>The educators are constantly counting the children and at times will blow a whistle, which means the children have to come to the meeting area.</p>
