General Comments

Licensing staff arrived at the licensed facility to conduct a Follow-Up License Renewal Inspection. Upon arrival, children were observed playing outdoors in the outdoor learning environment. Licensing staff noted that additional play materials had been added to the outdoor learning environment since the previous inspection. Trucks, cars, LEGO, a sensory table, and accessories for the mud kitchen were among the materials added to enhance children's play experiences and learning opportunities. The Director informed licensing staff that the operator has also placed an additional order for more play materials to further enhance the outdoor learning environment.

Based on the observations made during the inspection and the improvements implemented by the operator, licensing staff is recommending the facility for license renewal.
