**General Comments**

The center is clean, bright and welcoming.  
The center is following all public health guidelines and also added some extra measures such as an outdoor COVID kit.  
Despite COVID rules, the children have lots of toys and learning activities to meet their educational and learning needs.  
All the children seem happy, well adjusted and know the routine. They were having snack during my visit. After snack they all went to wash their hands. Hand washing was made into a fun activity with signing and the children were signing along. The children then went outside for outdoor play time. The backyard has been revamped with a new shade structure and new activities for the children.  
I observed an abundance of positive interactions between Krista and the children.
