General Comments
<p>Monitoring inspection performed.</p> <p>Covid Recovery Phase guidelines are being followed. Covid entrance requirements are posted. The Operator screened me and checked my temperature prior to entering. Upon request the operator showed me the family household list and she also tracks a daily log and continues to check temperatures in AM and PM as per parent request.</p> <p>Operator has completed the 90 hour Intro to ECE and curriculum training. I would recommend posting your certificates when they are received.</p> <p>Operator uses appropriate child guidance techniques. She interacts effectively with the 2 children on site. They are 2 years old and not very vocal, but the operator definitely encourages language and lots of words are spoken and lots of conversation was observed. The operator has a lovely rapport with the children. Program focus at this time is on transportation activities. Great activities observed. Children really enjoying their morning.</p>
