<p>General Comments</p> <p>Monitoring visit performed. Covid guidelines are being followed, and the operator completes a daily log sheet. The operator had me sign a screening questionnaire upon entry. Please add the child's last name to the daily log. The operator has created a screening questionnaire check list for documentation - a one pager. This is great! The Operator has applied to take the ECE certificate online program at NBCC and she really hopes that she is accepted to begin the course in September as there is limited spaces. Children waking up from nap during my visit and then commenced with playing the X and O matching game. Administrative records are in order - Attendance, FA, Outdoor check list, cleaning and fire drills are completed regularly. Lots of interaction observed between the operator and children. She provides children with lots of age appropriate activities, with assistance if they need help and she participates in the learning activities. Children were observed dancing to baby shark. They are all in the middle potty training so the Operator is providing encouraging and gentle reminders. The Operator is taking the children outside after snack. The sun has come out and they will spend the remainder of the day outdoors. What a beautiful day and lots of new snow to play in.</p>
