

Early Learning and Childcare Facility Inspection Report

Type of Inspection:
Monitoring Inspection

Pursuant to section 21 of the *Early Childhood Services Act*, operators of licensed early learning and childcare facilities must post their most recent inspection report in a clearly visible and prominent place in the facility.

Name of operator Power Play Academy Moncton Campus Inc.	Licence Number 2019678	Inspection Date October 25, 2022	
Facility Name Powerplay Academy Moncton 4		Telephone Number (506) 854-7529	
Address 1220 Ryan Street Moncton NB E1G 2V6			
Name of Early Learning and Childcare Licensing Staff Erika Hickey		Position Title Quality Assurance Monitor	
Order for Compliance	Regulation	Date to be corrected	Date corrected
24(1) For the purposes of subsection 20(1) of the Act, the following records and documents shall be maintained on the premises of a licensed facility: (f) daily attendance records of the children on forms provided by the Minister.	24(1)(f)	Oct 25, 2022	Oct 25, 2022
Comments: When the Quality Assurance Monitor was inspecting the indoor play area, the Quality Assurance Monitor saw a daily attendance record on a shelf while the children were all playing outside. The educators had their attendance records at all times for the remainder of the inspection and they were noting departures on their attendance records as soon as the child was leaving the premises. The Quality Assurance Monitor has reminded the educator and the administrator that the attendance records must be brought anytime the group is leaving the building. Deficiency is now compliant			
31(3) An operator shall maintain the outdoor play area of a licensed facility to ensure the safety of the children.	31(3)	Oct 25, 2022	Oct 25, 2022
Comments: During the inspection, the Quality Assurance Monitor found a small broken play shovel. All broken material must either be repaired or be disposed of. The educator immediately placed the object in the garbage. Deficiency is now compliant			
32(1) An operator of a licensed facility shall provide indoor play area materials and equipment that are (a) varied and in sufficient quantity for the number and ages of the children receiving services at the licensed facility.	32(1)(a)	Nov 11, 2022	
Comments: During the inspection, the Quality Assurance Monitor was able to observe the indoor play areas. More material and equipment will need to be added to this room to ensure that all children are provided with diverse learning opportunities.			
32(1) An operator of a licensed facility shall provide indoor play area materials and equipment that are (d) clean and in good repair.	32(1)(d)	Nov 11, 2022	
Comments: The Pool table was broken in several areas. The administrator on site has confirmed that they will repair the table. If they do not repair the table, the table will need to be removed and disposed of. The Quality Assurance Monitor has advised that the children should not be using this equipment until it is in good repair.			
39(2) A licensed facility shall have a separate locked storage space that is inaccessible to the children for each of the following: (a) toxic products, chemical products and cleaning supplies;	39(2)(a)	Oct 25, 2022	Oct 25, 2022

Order for Compliance	Regulation	Date to be corrected	Date corrected
Comments: The Quality Assurance Monitor observed that a bottle of Vim was under the kitchen cabinet. A tube of Polyfil was also on a shelf in the kitchen. All chemical products and cleaning products must be securely locked away. When the Quality Assurance Monitor advised the educator, the educator immediately placed the products with the other locked products. Deficiency is now compliant			

<p>General Comments</p> <p>The Quality Assurance Monitor is on site for a monitoring inspection. During the inspection, the Quality Assurance Monitor was able to verify that the staff's criminal record check and vulnerable sector check along with the check with the Department of Social Development are completed every five years. The verifications that had expired were completed in a timely manner and the staff on file are all able to work with children.</p> <p>The ratio was respected at all times during the inspection and the required posted documents were all accessible and visible. Adequate supervision was observed during the outdoor play time as each educator was spread out and were able to have a view of the whole group.</p> <p>Purposefully planned and documented programming was observed during the inspection and the Quality Assurance Monitor was able to observe a planned Halloween activity. Each group was doing their own special activity.</p> <p>During the inspection, the Quality Assurance Monitor had a discussion with the administrator regarding the personal support worker and ratios. The Quality Assurance Monitor reminded the administrator that personal support workers do not count in the ratio.</p>
