<p><b>General Comments</b></p> <p>On the day of my visit the facility was functioning well. There is evidence of purposely planned activities and documentation is being completed on the children's learning and development.</p> <p>There were a wide range of activities happening during my visit. The two year old group were completing a sunflower craft while the 3 and 4's were engaged in a wide range of activities such as playing in the house, building items with lego and playing with cars and blocks in other areas of the room. The group had been working on a family house craft earlier that day.</p> <p>Positive child guidance was observed during the visit. New staff have been hired since the last visit. Files were reviewed and updated.</p> <p>Please remember to complete the monthly check list for playground and complete monthly fire drills.</p>
