General Comments
When I arrived, the preschool children were napping. The after school children were playing games inside and then went outside to play. As discussed, please write down the program planning to show how activities are being planned according to children's interests. The center appears clean and the nap cots are spaced well, adhering to regulations. The outdoor area is spacious and appears well maintained. There is sufficient protective surfacing in the playground. The program appears to be running smoothly.
